Frontend Developer

Self-motivated Full Stack Developer with hands-on experience in building and deploying scalable web applications using the MERN stack. Proficient in both frontend and backend technologies including React, Node.js, and MongoDB. Strong understanding of software architecture MVC, RESTful APIs, and cloud deployment. Passionate about clean code, UI/UX best practices, and continuous learning. Looking to contribute to impactful development teams.

WORK EXPERIENCE

Red Panda Innovations Labs Software Craftsperson

03/2021 – 10/2021
Pune, India

- Developed a responsive web application for an environmental initiative using React.js, TypeScript, and Redux
- Created reusable UI components with Styled Components and documented them in Storybook
- Implemented payment processing with Stripe and styled UI with Styled System
- Wrote unit and integration tests using Jest and React Testing Library to ensure component reliability

EDUCATION

Full-Stack Web Development Course

AttainU

Online • 05/2020 – 02/2021

- Completed a comprehensive 10-month curriculum focused on full stack development
- Gained practical experience in frontend, backend, databases, and software engineering principles
- Built industry-grade, full-stack projects in a collaborative learning environment

Bachelor of Engineering (Dropped Out)

University of Mumbai

Mumbai, India • 01/2012 – 01/2014

PROJECTS

DigitalCube

- Developed an end-to-end e-commerce website where users can register, login, add to cart, and place orders
- Integrated PayPal API for payment simulation
- Built an admin dashboard to manage products (CRUD functionality)
- Tech: React, Node.js, Express.js, MongoDB, JWT, Redux, PayPal API

Job Application Tracker

- Built and deployed a full-stack PWA for users to manage job applications and browse interview questions
- Integrated pie charts and graphs to visualize application data
- Implemented JWT-based authentication, protected routes, and user dashboards
- Tech: React (Hooks), Node.js, Express, MongoDB (Mongoose), Chart.js, Heroku

SKILLS

- **Frontend:** React JS, TypeScript, Redux, JavaScript, HTML, CSS, Tailwind, SCSS, SASS
- **Backend:** Node.js, Express.js, MongoDB, Mongoose, SQL, Python
- **Other:** GitHub, Jest, Unit Testing, Integration Testing, Heroku, MVC, Webpack, Postman
